How to Read a Novel Successfully

By: Greta Klaphake
https://www.wikihow.com/Read-a-Novel

1) Explore the reading
- Skim through the title page, table of contents, and then the chapters.
- This will give you a better idea on what the novel will be about.

2) Block out distractions
- Only read for about 30 minutes straight.
- Remove yourself from outside distractions.
- Avoid listening to music.

3) Read the Epigraph (if have one)
- An Epigraph is placed at the beginning to capture the main themes and to set the tone for the novel.
- It helps give you background information about what the novel will be about.

4) Summarize main events in each chapter
- How do the characters change?
- Has the plot thickened?
- What has happened throughout the chapter?
- This helps keep all of the information separate.

Conclusion:
- After reading the novel, it will make you want to read the next book or even finish the series.
